## Background to Tri-Dosha and Sunita Passi

Tri-Dosha is the UK's only Ayurvedic specialist therapy training company and has close contacts with all figures in the Ayurvedic community and holistic sphere. The company launched its professional training courses three years ago, and quickly evolved to developing an authentic Ayurvedic therapy range combined with premium quality Ayurvedic products for the spa market. Its client accounts include: The Rejuvenation Medi-Spa, Kensington; Farnham Estate, Ireland; Solas Croi Eco Spa, Ireland; The Fortina Spa, Malta and soon to launch Sharmi-Joseph, London. It sees the training of professional therapists as instrumental in spreading the awareness of Ayurveda.

Sunita Passi, the founder of Ayurvedic brand Tri-Dosha, has established herself as one of the leading authorities on Ayurvedic massage in the western world, and her work is sought after for quality therapy and training. Not only is she an inspiring teacher and Ayurvedic expert, she is a pioneer in combining traditional Ayurvedic therapy with medicinally-based natural Ayurvedic plant combinations, and her love for India and all ancient teachings has her speaking to professional groups and the general public at events throughout the year. Her consultancy clients include The Dermal Institute and Original Additions.

Tri-Dosha was formed to provide people with innovative ayurvedic components, treatments and expert education to live long, healthier and more inspiring lives. If we can produce products that are ethically sourced, responsibly made and life enhancing in all aspects, we believe the world will become a much better place.
